2 February 2021

Dear Mr Serfontein

RT46 GOVERNMENT TENDER: SERVICE PROVIDER REGISTRATION

WesBank, a division of FirstRand Ltd, has been awarded the RT46 Cat C tender, with the effective start date 1 April 2021. This tender pertains to the managing of the repairs and maintenance of the Government fleet.

Some of the goals of Government via this tender is to promote transformation in this industry, whilst managing the cost and quality of all work done on their fleet. We therefore want to approach your industry body to increase our existing supplier data base to better serve this overall agenda.

To ensure an effective on-boarding process of all service providers, we have engaged with a 3rd party, FlowCentric, who would manage this process on our behalf. This will be an electronic registration process and you will be supplied with a link to direct you to the Merchant Portal, together with an unique username and password. We urge all interested members to do so before the contract commencement date of 1 April 2021.

Members can direct their interest to:
Phone Number: 087 135 5553

E-mail Address: Rt46merchants-new@flowcentric.com

Should you need to contact a WesBank Official:

Nthabiseng: +27 11 632 7031 / Nthabiseng.Ramatla@wesbank.co.za

Yours Sincerely

Clinton Ferreira

CFO of FML a division of WesBank, a division of FirstRand
