B

Technology

Training

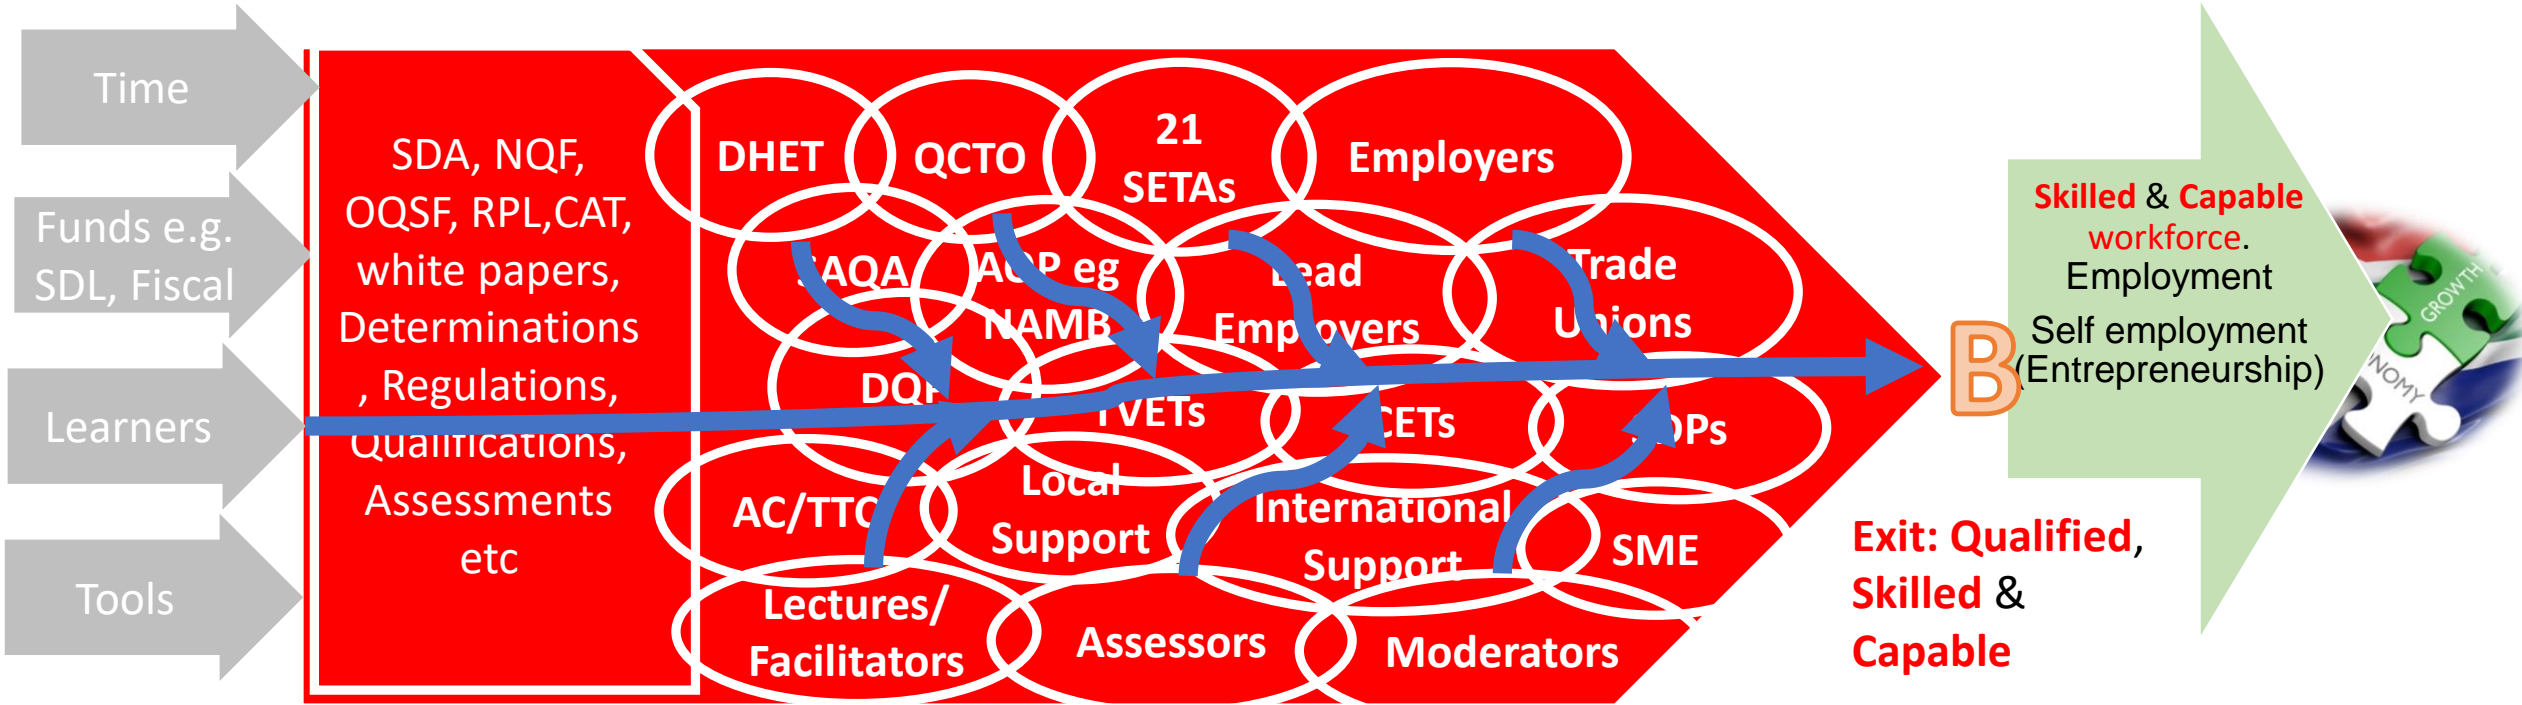

OQSF Environment

Very difficult to Quality Assure

le (demonstrate the ability to consistently provide products and **services** that meet customer(Employer) and regulatory requirements[ISO]).

OQSF Environment (Simplified, Straightforward)

Technology Training

Can easily demonstrate the ability to consistently provide products and services that meet customer(Employer) and regulatory requirements[ISO]).

OQSF (Intervention)

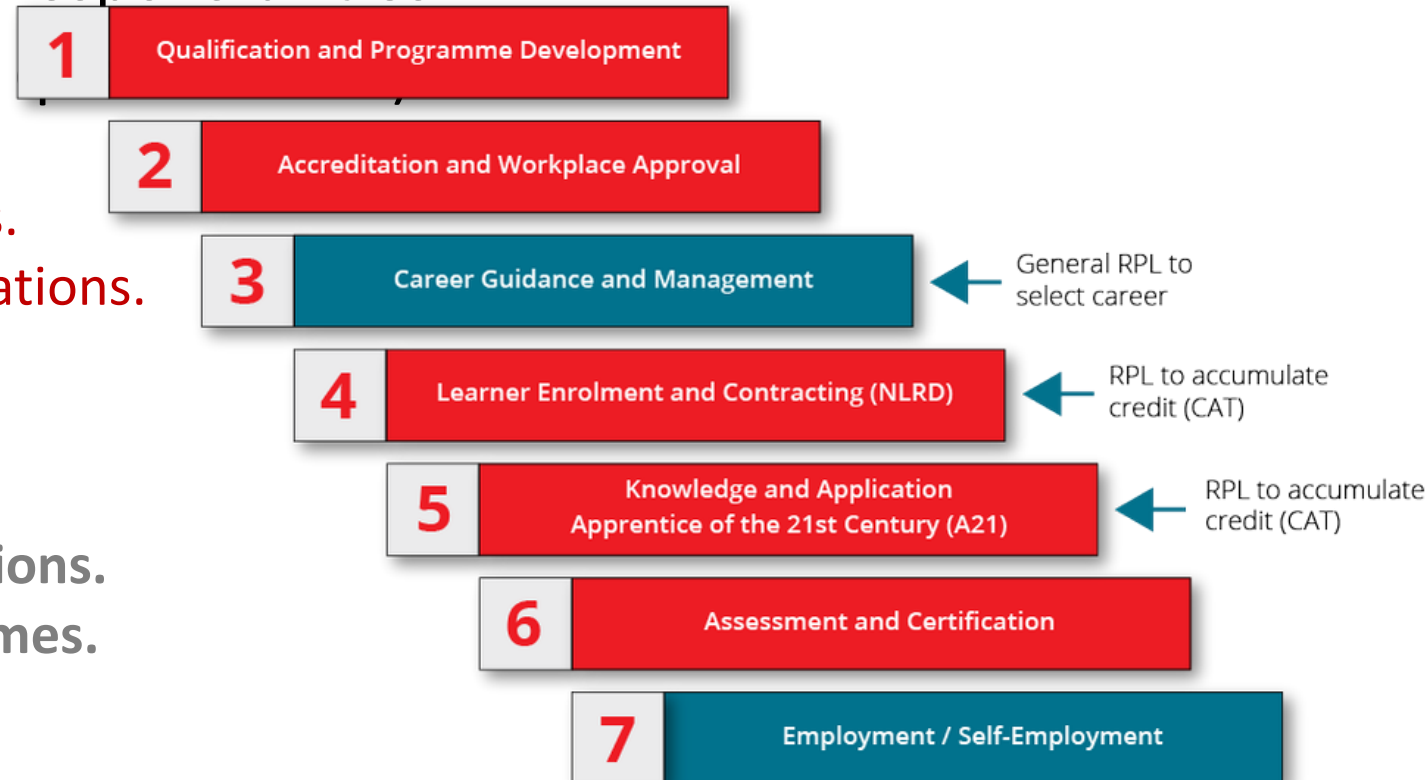

- Focus on the entire process from Qualification to Employment
- Document Processes, Roles & Responsibilities

• Standardise (Update outdated

- Legacy Trades.
- Provider Based Qualifications.
- Unit Standard Based Qualifications.
- NATED 190/191.
- Historical Skills Programmes.
- Occupational Qualifications.
- Occupational Part Qualifications.
- Occupational Skills Programmes.

- Develop Checklists

- Develop stakeholder capacitation materials (online courses, training etc)

Thank You
